

Echelon Event Bio

Echelon's main focus is to make Christ known as friend and Savior through music and personal relationships. Of course, that means music, but Echelon understands that faith begins with a relationship. While they love music, the focus of their ministry is getting to know people, hanging out, eating pizza, laughing, crying, praising, praying and letting the Holy Spirit move where it will. Ministry, after all, is not as much what you do, as it is why you do it. Echelon professes that Jesus Christ is the one and only risen Savior, through which all sins are forgiven and through whom is the only way to Heaven.

When Echelon is not on the road each of the guys does their own thing. Lowell is currently a pastor in Kansas, Todd teaches fifth grade in Virginia, Lloyd is a full-time musician and carpenter in Illinois, and John is an attorney in Minnesota.
